HALIFAX RIFLES READY FOR CAMP.

Company K Will Leave Daytona Friday, Oct. 18, for Fort De Soto to Take Part in the Encampment.

Company K, Halifax Rifles, Second Regiment, F. S. T., will leave here Friday of next week for Fort De Soto, where they, with other portions of the First and Second Regiments, will go into camp for ten days beginning on the 19th.

The boys have been drilling twice a week for some time and tomorrow afternoon will practice guard mount and shelter tent pitching.

They expect to take about forty members of the company and with the new uniforms recently received they should present a fine appearance.

Owing to the promotion of Capt. J. D. C. Morris to the rank of major the company was without a captain until Tuesday night when W. F. Jibb was unanimously elected to that position. Second Lieutenant Neville H. Clark being promoted to the First Lieutenantcy and L. J. Cowan succeeding Mr. Clark as Second Lieutenant. Dr. W. E. French, who recently returned from the north, was appointed Quarter Master Sergeant. This completes for the company a very efficient corps of officers and assures good work in the future.

Capt. Jibb is well fitted for the position and fully competent to take the company into camp, as he has a record of twelve years service in the Florida State Troops, including a period in the U. S. service during the Spanish War, and in addition to this he has three years in Michigan and two years in the Ohio State service to his credit.

As the coming encampment is ordered by the U. S. war department it is not in the power of the local officers to excuse members from duty and it is hoped that the business men will throw no obstacle in the way, but cheerfully grant their employees the required time for the encampment.
